

EVENT ROAD MANAGEMENT

Our annual music event “Googfest” will be held on Saturday 10 February 2024 from 5:00pm – 9:00pm at Rockley Oval, Rockley Parade Googong. I am writing to advise you that Queanbeyan-Palerang Regional Council has authorised the following road management strategies from 3:00pm to 9:30pm on Saturday, 10 February 2024. These strategies are designed to ensure the safe management of vehicle and pedestrian traffic to the event, as well as maintaining resident access.

The following roads will have soft closures, meaning that they will only be accessible for residents (and their visitors), and emergency services vehicles:

Googong Road (and its intersection with Beltana Avenue)
Hearne Street
Mary Street
Courtney Street

The following roads will have No Parking signs to ensure safe access for emergency vehicles. This means all vehicles (including resident vehicles and their guests) cannot park on-street:

Rockley Parade
Gorman Drive
Pollack Street
Sarah Street
Rockley Parade
Alchin Street
Jack Street

Please note that non-Googonian attendees to the event are instructed to access via Wellsvale Drive where they will be directed to a dedicated off-street parking area on the future town centre site. Pedestrians will make their way from there to Rockley Oval. While roads in this area will remain open and operate as usual, please expect delays and consider accessing the township via Googong Road.

There are traffic controllers in place to manage traffic, pedestrian and residents' access and event safety in all these areas, and more.

Should you have any queries relating to this please contact Samantha Remmers, Googong Community Manager on 1300 446 646 or email community@googong.net

Yours sincerely,

Samantha Remmers
Community Development Manager
